# NUTS & SNACKS

## CAMBROOK

Inspired by the sort of caramelised nut that Italian and Spanish producers create so well, Angus Cameron and Michael Brooks set up Cambrook in 2012. On their quest to create the perfect British answer they came upon a roasting pan bought in France. With it, they came up with their own unique way of caramelising nuts from their BRC AA Grade factory in Andover, Hampshire. They have subsequently developed their own way of baking nuts which are salted and seasoned with their original recipes of herbs, spices and flavours.
